

Wayne has been involved in leading worship, both on a national and international level, for over 30 years. From living rooms to stadiums, Wayne has led God's people in worship in over 30 countries. Wayne is also the Senior Pastor for Fellowship of Christians, located in Russellville, Arkansas, USA. Wayne has released more than 10 albums and has worked with EMI, Kingsway's ThankYou Music, Integrity Music, and Scripture in Song Publishing. He is also the founder of Sweet Rain Music.

Having ministered in more than 30 countries and most of the United States, Wayne is no stranger to leading worship. Wayne participated in 'Champion of the World' at London's Wembley Stadium. With nearly 45,000 people in attendance, it was the largest contemporary worship event ever staged in that venue. Wayne was also one of several worship leaders involved in the 'Global Gathering', which took place July 15, 2006, at Olympic Stadium in Berlin, Germany. Wayne is also a frequent speaker at worship and prophetic conferences, including Worship Together conferences in England, Canada, and the United States. Wayne also contributed to Matt Redman's "The Heart of Worship Files".

Wayne has also collaborated with worship leaders Noel Richards (UK) and Brian Houston (Ireland) as The Hudson Taylors. Together, the three released "Hurricane" in 2002. In support of the release, the trio toured in Canada, Germany, Holland, the UK and the United States. In 2003, "Hurricane" was re-released under the title of "Take Us to the Crossroads" in the U.S. by the Butterfly Group.

In 2005, Wayne was featured along with worship leaders such as Matt Redman, Tim Hughes, Robin Mark, and Noel Richards in a 3-disc set entitled "Nashville Worship Sessions." And as 2005 came to a close, a collection of Wayne's greatest hits was released as "Treasures".
